

Historical Society of St. Clair Shores Annual Meeting

Wednesday, April 18, 2018
Meeting at 6:30PM
Presentation at 7:00PM

The Ties That Bind A History of Aprons

A special presentation on the history of aprons will follow the meeting. Since almost the beginning of time, the apron has been worn in front of the body for practical, decorative and ritualistic purposes. They've been worn to protect garments, indicate status, depict rank, and as cultural icons. And they are back in vogue today! Join us as we delve into the beginnings of aprons from earliest times and how they evolved over the decades to today. We invite everyone to wear their own favorite apron to the program, especially those handed down with love from Mom or Grandmom.
