

Genetic Genealogy

Presented by Richard Hill

Thursday, November 15, 2018 at 7:00 PM
William R. Gilstorf Meeting Room
St. Clair Shores Public Library

This presentation will introduce the leading genetic genealogy tests and help you understand their differences. Richard Hill will also describe the key factors that will impact results and share his favorite third-party resources. A Question and Answer session will follow.

To share his success secrets and tips with genealogists and adoptees, Richard Hill created an educational web site, DNA-Testing-Adviser.com, which makes genetic genealogy understandable to all.

Mr. Hill used genetic genealogy tests to find his family. His full-length book about his search is *Finding Family: My Search for Roots and the Secrets in My DNA*.

Richard lives in West Michigan and is a member of the International Society of Genetic Genealogy, the National Genealogical Society and the Genealogical Speakers Guild.

The St. Clair Shores Historical Commission is pleased to announce the latest in the annual series of lectures in memory of Elizabeth Blay Maison. Elizabeth's daughter, Lorelei Maison Rockwell and her husband, Wayne Kennedy, have underwritten three lectures on topics such as local history and genealogy to be held each fall.
