A Self-Guided Visit to the DIA,

### By Her Hand: Artemisia Gentileschi and Women Artists in Italy, 1500–1800

Women artists played a vibrant and often untold role in Italy around 1600. How did they work and succeed in a male-dominated art world? The DIA will explore this question and celebrate Italian women artists with a show devoted to their artistic accomplishments. Artemisia Gentileschi (1593–c. 1656), arguably one of most famous 17th-century Italian painters today, will take center stage.
