# ART DECO in DETROIT

**A free lecture at the library**  
by Greg Kowalski

It may be surprising, but Detroit has some of the finest examples of Art Deco architecture in the nation, including in Hamtramck. The Guardian Building and the Fisher Building are two of the most prominent, but other outstanding examples of this special art style can be found in some of the most unexpected places. We will show you where they are and what makes them special. This also explains just what constitutes Art Deco and why it is special. And it emphasizes the theme that there are artistic and historical treasures – you just need to know where to look.

Monday, April 24, 2023 – 6:30-7:30 p.m.  
At the St. Clair Shores Library
